There's a reason Kemper<sup>®</sup> is one of the nation's oldest cabinet companies. Our commitment to deliver on the high expectations we set for ourselves keeps our customers loyal and growing strong. Count on the Kemper family to provide the well-built products you expect and the style you want at a range of prices to fit your budget - all backed by the reassurance of a limited lifetime warranty.

# **FULL ACCESS SERIES**

### Clean lines and modern vibes.

Since the face frame is eliminated, only full overlay door styles are available, and only a small sliver of the cabinet box is visible when the doors and drawers are closed. Cabinet sides are thicker for added stability and serve as a solid place for door hinges to be directly attached.

\* Framed and Full Access Construction platforms are available on all Full Overlay door styles except for Amstead MDF, Larsen MDF, Marimac MDF and Shafer PureStyle, which are available in Framed Construction only.
